Summary

React Native and React JS Developer with 4 years of experience building cross-platform mobile and web applications. Developed 20+ projects focusing on responsive UI, seamless user experiences, and scalable API integrations.

Skills

React Native • React.js • JavaScript • TypeScript • Redux • REST APIs • Tailwind CSS • Node.js • Git • Firebase

Experience

Full-Stack Developer (React Native | MERN) — Mercury Sols — Jun 2025 – Present

On-site

Tech: *React Native, Next.js, Node.js, MongoDB*

- Building high-performing web and mobile applications using React Native and Next.js.
- Delivered scalable solutions like LiveTrack for real-time location tracking and photo documentation apps.
- Mentored junior developers and contributed to project planning and delivery.

React Native & MERN Developer — Elite Chain LLC — Jan 2024 – May 2025

Remote

Tech: *React Native, React.js, MongoDB, AI Integrations*

- Built 5+ full-stack applications with custom responsive UI/UX.
- Implemented AI-powered chat functionality and crypto transaction management features.
- Ensured optimized cross-platform performance across iOS and Android.

React Native Developer — VirtualSoft Technology — Dec 2022 – Dec 2023

Remote

Tech: *React Native, REST APIs, Redux*

- Developed and optimized dating and social mobile applications.
- Improved user experience with responsive UI components.
- Collaborated with cross-functional teams on API integration and feature delivery.

React Native Developer — Lime Technologies — Jan 2022 – Dec 2022

On-site

Tech: *React Native, ZegoCloud, Agora, Redux*

- Developed live streaming mobile applications with ZegoCloud and Agora integration.
- Integrated REST APIs and Redux for state management.
- Enhanced UI/UX and optimized mobile app performance.

Projects

LiveTrack *(React Native, Google Maps API, Node.js)*

Real-time location tracking mobile application built for operational tracking.

BanoLive *(React Native, ZegoCloud, Redux)*
Live streaming mobile platform featuring interactive video streaming capabilities.

Education

Bachelor of Information Technology — Islamia University of Bahawalpur 2021 – 2025
Bahawalpur, Pakistan

Certifications

- React Native Course & Internship – Hello World Technologies

Achievements

- Successfully completed 20+ mobile and web applications.
- Delivered 10+ freelance client projects with production-ready standards.
